## WEC- Lebanon

The World Energy Council is the principal impartial network of leaders and practitioners promoting an

- affordable,
- stable,
- environmentally sensitive energy system

The mission of the WEC Lebanon Committee is “to promote sustainable energy for all” through an active involvement in the WEC global energy network.

The WEC Lebanon Committee strives to create a national energy society platform in Lebanon for experts to meet, discuss, and lobby towards the adoption of sustainable energy policies in the country.

WEC members are the first to know about and participate in regional and international workshops and conferences in the field of energy efficiency and renewable energy
